**Course Description:**

This course covers accounting theory and practice related to Liability, Equity and Statement of Cash Flows and various other topics and their impact on the financial statements.

**Course Objectives:**

The primary focus of this course is to advance your understanding of corporate financial reporting. We will draw on real business problems, economics, and finance to help you understand what is contained in financial reports, why the information is presented in a particular way, and how to develop and interpret financial reports.

The content of this course includes fundamental financial accounting concepts and methods. The primary objectives of this course are: (1) to gain knowledge of the functions, practices, limitations, and challenges of financial accounting, and (2) to gain a foundation for further learning in accounting and business.

**Prerequisites:** *Accounting 502 or permission of instructor*

**Course Requirements and Grading:**

**Your grade will consist of the following components:**

<b>Component</b>	<b>Point Value</b>
<b>EXAM #1 Chapters 13,14, 15, 16</b>	<b>120</b>
<b>EXAM #2 Chapters 17, 19, 20, 21</b>	<b>150</b>
<b>FINAL EXAM Chapters 22, 23, 24</b>	<b>120</b>
<b>COLLECTED HOMEWORK IN CLASS</b>	<b>5pts each</b>
<b>Unannounced/ Announced Quizzes (in-class/ on-line)</b>	<b>10-25 points each chapter</b>

### ✍ **Tests**

You are expected to take the tests on time. Your score will be zero if you do not show up for the tests without notifying the instructor 24 hours in advance of the scheduled time of the test. Those of you who ask for extensions are required to provide documents that support your reasons. To be fair to other students, no extensions will be given except when absolutely necessary. No extra time will be given if you are late for the test.

### ✍ **Homework**

Each student is responsible for doing all of the assigned homework **before class**. The homework is due in class the day it is assigned. The assigned exercises/problems/cases will be the primary means used to cover the material. Homework collection in class will be unannounced. Each homework is worth 5 points. Only in-class submission will be accepted. Some of the chapter homework assigned must be completed on-line using your Wiley Plus account at: <http://edugen.wiley.com/edugen/secure/index.uni>. Generally, the homework will be graded for completion not accuracy. To receive credit for the on-line homework you need to have at least a 50% correct average for each problem.

When a homework problem is assigned that has a spreadsheet next to it that does not need to be prepared on-line, you should go to the Wiley Plus website and download and use the templates to save yourself some time preparing your homework.

### ✍ **Grading**

Your grade depends on your performance in the class. The total points each student earns will be examined to determine final grades. The instructor reserves the right to utilize a curve. Normally, 90% of course points is an "A", 80% "B", 70% "C", 60% "D".

A grade of Incomplete (IN) will be assigned only under the conditions set forth in the university catalog. Please refer to the "General Course Policy" statement of the Department of Accounting for additional information.

### ✍ **Administration**

I will keep you informed via your UIC email address. Please make sure to check your UIC emails at least once a day. You will be held responsible if your failure to check your emails leads to undesired consequences.

### ✍ **Work Ethic**

Accounting courses take determination and perseverance. It is estimated in this class to obtain a grade of "B" or higher will require a **minimum of 8-10 hours per week outside the classroom**. It is expected that to obtain the base knowledge needed to do well on exams it will *take two to three readings* of each chapter's material.
