

THE UNIVERSITY OF ILLINOIS AT CHICAGO
College of Business Administration
Department of Accounting

Accounting 111 – Managerial Accounting
Summer 2007

Instructor:

Yehia A. Salama, MAcc, MS, MA, PhD

Office: 2312 University Hall

Phone: (312) 413 - 1532

E-mail:ysalama@uic.edu

Office Hours: Monday, Tuesday, Wednesday, and Thursday, 4:00 – 5:00 pm.

Prerequisite:

Accounting 110, sophomore standing, and enrollment in the College of Business Administration or approval of the Department of Accounting. (**Important:** Concurrent enrollment in Accounting 110 is not allowed)

Course Objectives:

The main objective of this course is to provide students with a conceptual understanding of managerial accounting, and with the skills for applying the knowledge to decision making.

Catalog Description:

Management planning and control; cost concepts and measurement; cost accounting systems; analysis of cost and volume-profit relationships; standard costs and variances; and budget preparation.

Required Text:

* ***Introduction to Management Accounting***, 13th edition by Charles Horngren, Gary Sundem, and William Stratton, Prentice Hall, 2005.

* ***The Student Resources that accompany the text.***

Teaching Method:

I consider learning to be a joint endeavor. It is my job to facilitate learning. It is your job to read the assigned materials and work the assigned exercises and problems before they are discussed in class. This calls for a lot of effort on your part. However, it is the only way you can successfully learn the course material. The classes are lecture, discussion, and problem solving oriented. You are encouraged to ask questions and provide comments as considered appropriate. Every student is expected to participate.

Grading:

Course final grades will be determined based upon the following criteria:

First Examination	30%
Second Examination	30%
Final Examination	30%
Quizzes	<u>10%</u>
Total	<u>100%</u>

Final grades will be based on a straight 90, 80, 70, 60, scale for an A, B, C, D, etc. However, the scale may be lowered if deemed necessary.

Incomplete:

Incompletes will be granted only in documented cases of undue hardship or clearly extraordinary circumstances, and according to university policies.

Quizzes:

A number of short quizzes will be administered throughout the semester. The only way to prepare for them is to read the assignments and do the home work. They will give you early feedback on your understanding of the material. There will be **no make-up quizzes**.

Homework:

Reading assignments include "Summary Problem for Your Review". Skip appendices unless specified. Each student is responsible for reading the assigned material and doing all of the assigned homework before class. Homework should be done as assigned but will not be collected. Instead, the quizzes will serve as an indicator of homework progress. Written homework solutions will be available shortly after the assignments are discussed in class.

Exams:

Exams will consist of multiple choice questions. They are to be taken as scheduled in the course calendar. There will be **no make up exams**.

Attendance:

Regular class attendance is essential and expected. There is a direct correlation between attendance and success in the course. If you miss a class session due to sickness or emergency, it is your responsibility to obtain the class notes from a classmate. You are responsible for everything covered in all class sessions.

Academic Integrity:

In all courses, you are expected to conduct yourselves in a manner that is consistent with the university standards of academic honesty. Any student who cheats on an assignment or exam will receive a grade of "E" for the course and may also be dismissed from the university.

General:

Every effort will be made to adhere to the information and schedule set forth in this syllabus. Any changes, which are necessitated as the semester progresses, will be announced on a timely basis. Regular attendance will insure that you are aware of any modification made.
