HOMEWORK

Many of the homework assignments require advance preparation. You should always be looking at least **a week ahead of time** to make sure the material is completed on a timely basis. All homework must be completed on-line from the Porter text. Homework chapter problems must be completed with at least 70% correct answers and you are allowed 5 tries per problem.

Schoenebeck homework assignments should be completed manually using the workbook. All homework assignments will be available for printing as MS Word documents once the homework deadline date has passed. Schoenebeck activities homework answers are viewable but not printable. Porter homework answers will be available in on-line format and are available for printing.

CURRENT EVENTS DISCUSSION BOARD: Each student must respond at least 5 times during the semester to a current events original article or comment to receive credit. Your response should be meaningful and substantive and add something to the discussion. **Your comments can be no more than 2 weeks old from when the original article has been placed in the discussion board under blackboard.**

ONLINE QUIZZES: Online blackboard quizzes are 10 points each and consist of 10 multiple choice questions for each chapter. The content of the questions will mostly test conceptual understanding with some quantitative testing. The exams will be more quantitative like the homework. The quizzes are timed and **must be completed by the due dates on the syllabus.**

KEYS TO SUCCESS:

1. **Commitment:** Accounting is not hard, but it's hard work. To do well, you should understand that this course requires a **serious time commitment**.
2. **Preparation:** To perform adequately in this course, you must have a thorough understanding of the text and the homework materials assigned. It is imperative **you read the assigned Chapter** before you attempt to complete each chapter's homework assignments and review of homework answers. Expect the reading of each Chapter to take at least **three hours to complete**.
3. **Homework:** The homework should be completed to the best of your ability on the date assigned. On occasion there may be difficult problems that you cannot complete. However, you should still make a legitimate attempt. Allocate **another three to four hours** to complete each Chapter's homework assignments.
4. **Attendance:** This is an on-line class **so attendance is not required**.
 - a. Since learning accounting is so time consuming, it is not a good idea to get behind because it will be difficult to catch up. So please keep pace with the syllabus!

5. **Exams** will be based on the textbook, lectures, and homework assigned. Complete the homework not just for the calculations but for understanding the underlying concepts and principles it is conveying. **Understanding** and **interpreting** the use of accounting information is just as important as the calculation of a number. You will be tested on how well you interpret accounting information, not just on whether you can arrive at the correct calculation of a number.

SYLLABUS

NOTES:

1. Appendices do not need to be read unless specifically assigned.
2. All homework assignments (as a chapter) must be at least 70% correct or higher to receive credit. A maximum of 5 attempts is allowed.
