Accounting 594: Business Law II Business Organizations
Spring 2009

Prerequisite: Admission to Graduate College and Business Law 1

Instructor: Professor George Roe

Office: 2314 University Hall, Telephone: 996-3391

E-mail: GROE@uic.edu

Topical Coverage:

Business organizations, including: agency, general partnerships, limited partnerships, corporations, limited liability companies, securities regulations, bankruptcy, suretyship, bailments, real property, wills and trusts, accountant's liability.

Textbook Required:

BUSINESS LAW by Smith & Roberson, 14th Edition. There are currently different formatted versions of this book available. Any one that reflects the 14th Edition is acceptable.

Course Requirements and Grading:

Lectures are an integral part of the course; students are held responsible for the contents of the lectures as well as assigned readings in the textbook. Class assignments indicate the topic and chapter to be read prior to each class session.

Attendance:

Regular attendance is required except in cases of illness, emergency, or special circumstances. An absence may be excused and exams may be made up, or homework may be turned in late only if (1) the absence has been approved IN ADVANCE by the professor or (2) the absent student can document illness or emergency. Documents about absence must be brought to professor within one week of returning to class.

Two unexcused absences will be allowed without penalty. The penalty for more than two unexcused absences will be a reduction of ten points from your final grade for the course. Except in the case of sudden illness, or emergency, any excusable absence must be made known in advance. **Coming late for class, after attendance has been taken will be considered an absence for that class. This will be the only warning about attendance, so note this well.**

Participation: This course requires discussion and participation by all students. There will be ample opportunity for active participation, which I value, and the lack of which

may negatively affect the students' final grade. Obviously your participation value is related to your class attendance. "Minus points" may be assessed against a student who, when called upon in class, is clearly not prepared.

Course grade will be determined by your performance on a mid term and a final exam. As stated above, the final grade may be subject to adjustment for excessive absences or lack of preparation in class.

Cell Phones/pagers: You are to turn these devices off during class time. More so, you are not to have your cell phone on your desk during class time. **NOTE: if a cell phone or pager goes off during class, the offending student will receive a three point reduction per occurrence in their final grade average. You have been warned.**

Actual exam dates will be announced in class when the dates are available.

The following session assignments for the corresponding topics are tentative, and not cut in stone. If additional time is needed or desirable for a given subject matter, such time will be so allocated.
