As a refresher, here are the rules for bribes:

Bribes. You may use your bribe once a game when a foul committed, before your opponent rolls to see if the fans throw an item at you. If you use your bribe the fans decide to let your action go this time. Bribes may not be used on the beatings handed out to players with Secret Weapon at the end of a drive.

Counter Offer. You may use a counter offer to catch an opponent who commits a foul. Instead of roll a 4+ to catch them, it is automatic. Roll for armor as normal.

If a bribe and a counter offer are used on the same foul, they offset each other and the foul is spotted on a 4+. Both the bribe and the counter offer are lost
