

1969            Instructor (part-time), Seattle University.

### **Honors**

- Phi Beta Kappa
- Sigma Xi
- Fellow, Optical Society of America
- Fellow, Association for Research in Vision and Ophthalmology
- Research to Prevent Blindness Senior Scientific Investigator Award
- Marion H. Schenk, Esq., Endowed Professorship

### **National Conferences and Committees**

- Panel Chair, Conference on Night Vision, National Academy of Sciences and U.S. Air Force (1985)
- Noninvasive Assessment of the Visual System Topical Meeting, Optical Society of America
  - Program Committee Member (1986-1988)
  - Program Chair (1988-1989)
  - General Chair (1989-1990)
  - Advisory Committee Chair (1990-1991)
  - Advisory Committee Member (1991-1993)
- Book Publishing Committee, Optical Society of America Member (1991-1993)
- Vision Technical Group, Optical Society of America
  - Vice-Chair (1992, 1993)
  - Chair (1994, 1995)
- Division of Vision and Color, Optical Society of America Chair (1998-2000)
- Information Technology Committee, Optical Society of America Member (1999-2000)
- Executive Committee of the Technical Council, Optical Society of America Member (1998-2000)
- Biology and Diseases of the Posterior Eye Study Section, NIH Member (2007-2011)

### **Editorship**

- Co-Editor, Feature on "Advances in Electroretinography," *Journal of the Optical Society of America A* (1996)
- Guest Editorial Board Member, *Investigative Ophthalmology and Visual Science* (2000-2004)
- Guest Editor, *Optics and Photonics News*, Special Issue on Vision and Color (2001)

## Professional Associations

- American Association for the Advancement of Science
- Association for Research in Vision and Ophthalmology
- International Society for Clinical Electrophysiology of Vision
- Optical Society of America

## Publications

### Journal Articles

1. Alexander, K.R. (1970) Intermittency in presentation increases identification of masked figures. *Perception and Psychophysics*, 7, 223-224.
