

The 150th Anniversary Gala

is a celebration of the historical contribution of the Illinois Eye and Ear Infirmary to the state of Illinois and the Chicago community. We gather together to celebrate our successes of the past, our commitment to the present, and our vision of the future. The proceeds from this event will be used for research into and care for patients with blinding or vision threatening eye diseases. Honorary Chair, Mayor Richard M. Daley will be joined by Rich King, event emcee and Emmy award winning WGN sports anchor. More details can be found at 150thGala.com.
