

CONTINUING MEDICAL EDUCATION INFORMATION

CME CREDIT

The University of Illinois at Chicago (UIC) College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Illinois at Chicago (UIC) College of Medicine designates this educational activity for a maximum of 12 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

PURPOSE

The purpose of this activity is to update clinicians on recent developments in the diagnosis and treatment of glaucoma and to illustrate how these developments might be incorporated into the management, coding and documentation requirements of their glaucoma patients.

INTENDED AUDIENCE

- Ophthalmologists

LEARNING OBJECTIVES

At the conclusion of the activity, participants should be able to:

1. Decide when to use a shunt vs. a trabeculectomy in the surgical management of glaucoma.
2. Describe how VEGF inhibitors can be used to treat glaucoma patients.
3. Discuss how to manage glaucoma patients who have various types of corneal surgery.
4. Implement a program to improve glaucoma patient compliance with medical therapy.
5. Formulate a treatment plan for patients who present with blebitis or endophthalmitis.

Educational Grants

We gratefully acknowledge medical education funding from Alcon and Allergan in support of this program.
