

CONTINUING MEDICAL EDUCATION INFORMATION

CME CREDIT

The University of Illinois at Chicago (UIC) College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Illinois at Chicago (UIC) College of Medicine designates this educational activity for a maximum of 7.5 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

PURPOSE

The symposium addresses current developments in the diagnosis, treatment, and management options for oculofacial plastics disorders. The purpose is to provide the most up to date information on the diagnosis, treatment, and general options for oculofacial plastic and orbital disorders.

INTENDED AUDIENCE

This course has been organized for:

- general ophthalmologists
- oculofacial plastic surgeons
- pediatric and neuro-ophthalmologists
- general plastic surgeons
- ENT facial plastic surgeons as well as the residents and fellows of these specialties

LEARNING OBJECTIVES

By the end of this continuing medical education activity, participations should be able to:

1. Identify and compare the various manifestations of eyelid ptosis and describe the various treatment options.
2. Identify the clinical findings in the tearing patient; recognize the causes for tearing; and develop a treatment plan based on the available surgical options.
3. Distinguish common orbital disease processes, including infectious, inflammatory, and traumatic etiologies, and develop treatment plans and surgical options for these processes
4. List techniques used in eyelid/orbital/socket reconstruction.
5. Identify the fundamentals of cosmetic eyelid/facial surgery; and describe techniques for addressing eyelid/facial scarring
