EVERY WEDNESDAY AT 5:00 P.M.

Ophthalmology Grand Rounds

Topics and schedule subject to change;
call 312-996-6590

No cost to attend.

Eugene R. Folk, MD
an “Infirmary Legend”

Resident in Ophthalmology (1952-1954)
at the Illinois Eye and Ear Infirmary

Dr. Eugene Folk trained over 200 residents and more than 30 fellows in pediatric ophthalmology and strabismus during his tenure at the University of Illinois Eye and Ear Infirmary.

*E*ugene Folk was a teacher, a mentor, a friend to many and certainly an advocate for children.

For those who had the privilege of training with Eugene Folk, strabismus and pediatric ophthalmology was exciting, challenging, confusing, but *never* boring.

Steven M. Archer, MD
Keynote Lecturer

Phylogeny of Eye Movements and the Extraocular Muscles

Pediatric Ophthalmology & Adult Strabismus
Ophthalmology and Visual Sciences
W.K. Kellogg Eye Center
University of Michigan School of Medicine

Steven Archer’s research interests include: Strabismus surgical management, physiological optics, binocular sensory physiology, infant visual development and the treatment of retinoblastoma.
