Courses for ESL Students	**
---------------------------------	-----------

**** Percent Daily Values are Based on Your *Success* !**

Other Ingredients: ASP courses, offered by the Academic Center for Excellence, are designed to help students meet the reading, writing, study and learning demands at UIC. ASP courses carry no graduation credit, but they do contribute toward the calculation of tuition, full and part-time enrollment status, and financial aid eligibility. Although they won't help you graduate sooner, they *will* help you graduate with better grades and with skills to succeed in the workplace.

ASP courses are listed on the online Schedule of Classes. If you have any questions, please come to the Academic Center for Excellence in SSB or call 312-413-0031.
