

Cody Stephens
codys@uic.edu

Doctorate of Philosophy Candidate since fall 2001

My interests are in applied research and evaluation focused on social justice issues such as pre- and post- release programs for returning offenders, community and police partnerships, and prevention and intervention initiatives for high-risk youth and young offenders. Currently, my research focus is on evaluating the effectiveness of outreach worker interventions with people who are at a high-risk of violent perpetration or victimization.
