

TABLE OF CONTENTS

EXECUTIVE SUMMARY	6
SECTION 1.....	11
PURPOSE.....	11
1.1. MISSION	11
1.2. VISION	11
1.3. GUIDING VALUES.....	11
1.4. MANDATES	12
SECTION 2.....	14
STRATEGY.....	14
2.1. STATEMENT OF STRATEGIC INTENT	14
2.2. ENVIRONMENTAL ASSESSMENT	14
2.3. COMPETITIVE BENCHMARK ANALYSIS	15
2.4. STRENGTH, WEAKNESS, OPPORTUNITIES AND THREAT ANALYSIS...	20
2.5. KEY STRATEGIC ISSUES FACING THE COLLEGE	21
2.6. STRATEGIC GOALS AND THRUSTS.....	22
2.6.1. Goal 1. Recruit, Retain and Promote Outstanding Faculty.....	22
Action Plan.....	23
Recruiting.....	23
Promotions and Tenure.....	25
Mentoring.....	26
Retention.....	26
External Recognition and Awards	26
Internal Recognition and Awards	27
Salary Raises.....	27
Teaching and Research Loads	29
Research Faculty and Lecturers.....	31
Resources for New Faculty.....	31
Diversity of Faculty	32
Increase Funding for Professorships.....	33
2.6.2. Goal 2. Increase our Research Enterprise through Interdisciplinary and Collaborative Research.....	33
Action Plan.....	34
Increase the Quality of Publications	34
Increasing Research Funding.....	35
Organize Research into Interdisciplinary Centers	35
Organizing Inter-Disciplinary Research Group Meetings	38
Seed Funding for New Projects	38
Cost Sharing and Support of Research Staff.....	39
Larger Startup Funding for New Faculty Hires	39
Increase the Number of Ph.D. Students	40
Research Lab Renovation	40
Incentives to the Faculty	40
Interactions with Industry	40
Exploring a Variety of Government Funding Agencies	40

Create some Technology Centers	41
Increased ICR Funds.....	42
2.6.3. Goal 3. Improve our Undergraduate Program and Recruit and Retain Excellent Undergraduate Students	42
Action Plan.....	42
Increase the number of undergraduate students.....	42
Improve the quality of our undergraduate students	43
Improve the retention and graduation rate of our undergraduate students	44
Develop better recruiting strategies for freshman students.....	44
Develop better recruiting strategies for transfer students	45
Develop better recruiting strategies for transfer students from other Colleges within UIC.....	46
Develop exciting and streamlined undergraduate curriculum	46
Offer Courses More Efficiently	46
Develop freshman courses in engineering	47
Develop design and communication courses in engineering.....	47
Involve undergraduate students in research.....	47
Develop exciting instructional labs.....	48
Develop Student Internship and Career Placement Opportunities	48
Increase Funding for Undergraduate Scholarships	48
Diversity of the student body	48
2.6.4. Goal 4. Improve our Graduate Program and Recruit and Retain Excellent Graduate Students	49
Action Plan.....	50
Increase number of Ph.D. students	50
Improve the Quality of our Ph.D. students	50
Financial Support of Ph.D. students	51
Improve the Retention and Graduation Rate of our Ph.D. students.....	54
Develop Exciting and Streamlined Graduate Curriculum	54
Offer Courses More Efficiently	54
Develop New Uniform Policies for Allocating Teaching Assistants (TA)	55
Develop Student Internship and Placement Opportunities	55
Diversity in the Student Body.....	55
Increase Funding for Graduate Fellowships	55
2.6.5. Goal 5. Develop Professional and International Programs.....	56
Action.....	56
International Master’s Program	56
Professional Master’s Programs with Live Instruction.....	56
2.6.7. Goal 7. Aggressively Improve Marketing and Rankings.....	61
Action Plan.....	61
Study of Graduate Engineering School Rankings	61
Study of Departmental Rankings	62
Develop Marketing and Communications Materials	62
Development of a New Web Page.....	63
2.6.8. Goal 8. Provide Efficient Administration and Staff.....	63
Action Plan.....	63

Administrative Staff.....	63
Technical Staff.....	64
Recognition and Awards.....	64
Improving the Morale and Effectiveness.....	64
2.6.9. Stretch Ideas.....	64
Recruit Members of the National Academy of Engineering	64
Secure Funding for Collaborative Multi-disciplinary Research Centers.....	64
Create Technology Centers.....	65
Involve Faculty in Applied Projects with Industry on Engineering Problems	65
Organize the College of Engineering into a set of Research Centers and Educational Departments	66
Form Partnerships with Chicago area Law Schools	66
SECTION 3.....	67
RESOURCE PLAN	67
3.1. RESOURCES NEEDED	67
3.1.1. HUMAN	67
3.1.2. FINANCIAL.....	68
Review of Past Five Year Budget.....	68
Financial Plan for Teaching Enterprise.....	70
Financial Plan for the Research Enterprise.....	72
3.1.3. PHYSICAL.....	74
Action.....	74
Develop policies for Space Allocation	75
Improving the Infrastructure of the SEO Building	75
Remodeling Existing SEL Building.....	76
New Building: Institute of Nano- and Bio-Technology	76
3.1.4. CAPITAL.....	77
3.2. RESOURCE PROCUREMENT STRATEGY	78
3.2.1. REALLOCATION.....	78
TA Reallocation Policy.....	78
Faculty Reallocation Policy	79
Space Reallocation Policy.....	80
3.2.2. NEW FUNDING	81
State Funding and Tuition Revenue.....	81
Research Program	82
Private Fund Raising.....	82
Revenue from International Master’s Program.....	82
Revenue from Professional Master’s Program	83
SECTION 4.....	85
EVALUATION OF PLAN	85
4.1. IMPLEMENTATION TIMETABLE	85
4.2. PERFORMANCE METRICS AND RESULTS.....	86
4.2.1. Faculty.....	86
4.2.2. Research.....	87
4.2.3. Undergraduate Program	87
4.2.4. Graduate Program	88

4.2.5. Professional and International Programs	88
4.2.6. Corporate and Alumni Relations	89
4.2.7. Marketing and Rankings	89
4.2.8. Administration and Staff.....	90
APPENDIX.....	91
Faculty.....	91
Research Funding.....	93
Undergraduate Students	94
Graduate Students	97
