COMMITTED TO CARING.

At Global Impact, all efforts are focused on making a tangible difference in the lives of the world's most vulnerable citizens. We represent more than 50 of the most respected U.S.-based international charities in workplace giving campaigns across the nation.

Global Impact's members touch 400 million lives each year in virtually every developing country in the world, through disaster relief, education, health training and economic programs that promote self-sufficiency, strengthen communities and offer hope.

REAL NEEDS.

- Every year **2.2 million children** die because they are not immunized.
- Nearly **1 billion people** around the world are unable to read a book or sign their name.
- As many as **260 million people** could die prematurely due to chronic hunger.

REAL RESULTS.

- We will **vaccinate** more than 17 million children under age five.
- We will **build schools** and train teachers so 500,000 more children can learn to read.
- We will **provide food**, shelter and clean water to more than 8 million people.
