For Immediate  
Release

**Benefit Choice (NESSIE) Enrollment  
Period May 1st - June 17th**

This is a reminder that Benefit Enrollment is underway and selections must be made by June 17th.

The attached two pages contain detailed information about election options. In an effort to disseminate this information to as many employees as possible, please post these two pages in your college or unit. In particular we would like to reach employees who are unable to routinely access email. Therefore, please place them by time clocks in areas such as Facility & Services, Housing, Food Services or locations in your building that have high foot traffic.
