New AP Salary Minimum

Effective August 16, 2011, the Academic Professional Salary Minimum increases from \$27,725 to \$28,560. Full-time APs hired after this date must have at least this minimum or higher salary. Steps you need to take or be aware of:

1. Salary Planner will be audited to ensure that current full-time AP salaries are at least at this minimum. If the increase awarded does not take the salary to \$28,560, then it will be increased in Salary Planner by Campus HR staff. The minimum is pro-rated for those individuals whose position is less than 1.0 FTE.
2. HR Front End transactions for pay increases effective August 16, 2011 and later will be reviewed to ensure that the minimum salary is in place.

If there are any questions about the new minimum, please contact Compensation, Anniese Lemond at alemond@uic.edu.
