

## List of HIPAA and Sanction Entities

---

The following components of the University have Care components for the purposes of HIPAA, and have work force members who perform services for the health care components, and are, therefore, carved out and included as part of the health care components for the purposes of HIPAA. These health care components are also included for the purpose of sanction review as required by Medicare-Medicaid Anti-Fraud and Abuse Amendments and any other governmentally mandated programs requiring certification of nonexclusive backgrounds.
