

Sit Back & Relax

- Enjoy the tech-Services

By Yangyang Lu

1

Outline

- Current technology trend
- Cleveland Chinese Community (CCC) website overview
- Q & A

2

Questions for you -

- What do you think the current technology booming?
- Do you feel you are falling behind?
- Have you ever thought you could be a programmer one day?

3

Some more questions -

- Do you use computer at work / at home?
- How did you do your tax turn this year?
- How many post stamps you bought last year?
- Do you have a iPod? Are you considering it as a gift for Christmas?
- Do you call family or friend in China more often than before?
- How many of you writing letters on a piece of paper?

4

My favorite companies

- IBM on-demand trying to get rid of the rush hour concept
- Open-source is sold to Microsoft
- Google is trying to index everything on the planet
- Amazon is trying to partner with every offline / online stores
- Apple is trying to put home theater into your pocket
- Like it or not, Sirius and XM want you pay for listening to radio

5

My favorite websites

- <http://www.wenxuecity.com>
- <http://finance.yahoo.com>
- <http://www.google.com>
- <http://msdn.microsoft.com>
- <http://www.simplyhired.com>
- <http://www.zillow.com>
- <http://www.amazon.com>
- <http://www.meebo.com>
- ...

6

Some thoughts

- How much time you spend on searching every day?
- Chaos is the human nature
- Keeping things organized is the key to success

What are these all about?

- **Service, Service, and Service**
- **So you'd better ...**
 - sit back and relax, enjoy it!
 - yell if no one cares your need
 - yell if services out there are not good enough
- **Why? Because you are the boss ...**

- **Cleveland Chinese Community (CCC) website overview**

<http://ccc.serveinmotion.com>

- **Keep telling myself**
 - Don't spend too much time in front of computer, it does no good to your health
- **Q & A**
