

PDQ (Processing and Delivery Quadrant)

April 27 Minutes

Present: Bangalore, Bloss, Daugherty, Kresnoff(minutes), Lambrecht, Wang

1. April 13 PDQ Minutes have been approved.
2. SPDQ Task Forces. Nothing new to report.
3. Moving Experiences.
Microforms. Shorter sets need to be done. This remains a low priority.
Other non-document materials in Documents. Bloss will speak with Shuler in order to decide which documents Shuler's staff will handle and which Bloss's staff will handle.
CPL monographs. The move has been completed.
A & A. Done.
4. Current priorities list. No changes.
5. Security Council.
End-User meeting report. Wang reported that that the voyager release (Unicode) is in the Beta stage.
Bib linking is a new feature of the 2001.2 release.
Bloss will talk with ILC SO. He would like a test file developed which can do testing on a variety of tasks
6. CircWorks. CUB meeting is coming up in Urbana.
7. TechWrks
Stand-alone CDs. Daugherty has asked CMQ and the bibliographers to discuss what to do with the stand-alone CDs. There are questions of security, markings, shelving, etc.
Deletion of long-missing items. Training has taken place.
8. Bindery. No report
9. GAR Billing. There won't be any new billing components in the new voyager release.

Future meetings of PDQ and minute-takers will be at 10:30 a.m. in 2-380 LIB unless otherwise noted.

May 11 Bangalore
May 25 Bloss
June 8 Daugherty (228 LHS)
June 22 Kresnoff
