

**UIC COLLEGE OF MEDICINE**  
**College Committee on Clinical and Adjunct Appointments and Promotions**  
**Annual Report 2009-2010**

The Committee on Clinical and Adjunct Appointments and Promotions is responsible for reviewing recommendations for appointment and promotion of faculty in the Clinical and Adjunct Tracks. The Committee also makes recommendations concerning the College criteria for appointments and promotions in these tracks and the form by which these recommendations are forwarded to the Dean.

Committee activities for 2009-10 were conducted at three meetings. The Committee experienced a significant increase in the number of promotion and appointment applications this year, reviewing a total of fifteen promotion recommendations and fourteen new appointment recommendations (as compared to last year's ten promotions and three appointments). A breakdown of the Committee's recommendations is as follows:
