

DEPARTMENT OF PHYSIOLOGY AND BIOPHYSICS

UNIVERSITY OF ILLINOIS AT CHICAGO

WAIVER FORM

Inasmuch as substantial University expenditures are incurred in support of graduate student training, and because of the competitive nature of awards of stipends therefore, student acceptance of these carries the understanding that graduate work toward the Ph.D. is his or her prime goal.

By signing below and returning this sheet with the rest of my application, I acknowledge that I have considered my educational aims clearly at this time and recognize that any interruption of my graduate work supported by stipend, without specific authorization of the Department of Physiology and Biophysics, for the purpose of undertaking a professional degree (e.g., medical), constitutes a breach of obligation to the Department of Physiology and Biophysics and the Graduate College. I further authorize the sending of this waiver with any letter of reference written on my behalf by the Department or its members, should I so interrupt my graduate work.
