

## **Academic Center for Excellence Workshops**

The Academic Center for Excellence (ACE) is a multifaceted program designed to help UIC students accomplish their academic goals. During the school year, ACE offers courses, workshops, individual coaching, and on-line information to help students improve their reading, writing, vocabulary, and study skills. In Summer 2009, the Academic Center for Excellence will offer three summer workshops, designed to introduce students to study strategies which are most important to their success at UIC. Refreshments served at each event. ACE activities are open to all entering UIC students.

### **ACE Workshops**

- **Managing Your Time in college:** July 1, 2009, 12:00-12:50  
Learn how to avoid procrastination and make each hour of your day count.
- **Reading College Level Textbooks:** July 8, 2009, 12:00-12:50  
Find out how to approach and understand college level textbooks.
- **Strategies for Studying Math and Science:** July 15, 2009, 12:00-12:50  
Learn the most effective strategies to use in your math and science courses.

### **Program Eligibility**

- All students participating in Summer College may attend one or more of these sessions.

### **Cost**

- There is no cost, but students are asked to sign up by calling ACE.
