

Public Health Supplemental Application Fee

In addition to submitting the fee that SOPHAS requires for the submission of SOPHAS applications, Public Health degree-seeking applicants are required to submit a non-refundable \$60 supplemental application fee to the Office of Admissions at UIC.

Instructions for the submission of this fee will be sent via email correspondence from the Office of Graduate and Professional Admissions once your complete, verified SOPHAS application has been "mailed" and the application information has been transferred into our institution's database.

Thank you,

UIC Graduate and Professional Admissions
