

## Transfer Requirements Guide for Art and Design – Wright College

The programs of the School of Art and Design provide students with the aesthetic and critical perspectives that are vital for careers in art and design.

Studio courses form the central experiences within which the program promotes the development of students' particular interests. These courses include comprehensive exposure to a wide range of possibilities for creative expression and problem solving.

Upon completion of the Foundation program, students may declare a major in graphic design, industrial design, photography, studio arts, art education, or moving image.
