

Transfer Requirements Guide for UIC College of Urban Planning and Public Affairs – Joliet Junior College

The Transfer Requirements Guide lists the courses that meet the general education requirements for the College of Urban Planning and Public Affairs.

The University of Illinois at Chicago College of Urban Planning and Public Affairs (CUPPA) offers an undergraduate program of study leading to the Bachelor of Arts, with a major in Urban and Public Affairs (UPA). Using the Chicago metropolitan region as a home for investigation, students will experience and analyze urban issues from many different academic and practical perspectives. After students complete most of their general education and other liberal arts and sciences requirements, they will take an interdisciplinary curriculum offered jointly by CUPPA's graduate departments: Urban Planning and Policy and Public Administration.

The UPA major is a pre-professional program that prepares students to enter urban professions and graduate programs. Students will gain the knowledge and understanding of the complexity and diversity of the urban environment as well as learn the policy and management processes that affect urban living. Graduating UPA students will enter careers in public and nonprofit service, commerce, real estate, or other city building activities. Students entering graduate education will be prepared to study in related fields such as public administration, urban planning, public health, law, public relations, international studies, sociology, political science, or peace and justice studies.

Admission into the Urban and Public Affairs program is selective and competitive.

Transfer Admission Requirements

Admission to the B.A. Program in Urban and Public Affairs requires junior standing (completion of at least 60 semester hours/90 quarter hours). Transfer Applicants with fewer hours completed should select the Pre-Urban and Public Affairs Advising Track in the College of Liberal Arts and Sciences. Admission to the preprofessional program does not guarantee subsequent admission to the degree program.

Minimum transfer requirements completed or in progress at time of application: (a) two courses in English composition (6 semester hours); (b) college credit in mathematics, logic, or statistics (3 semester hours); (c) one course in Analyzing the Natural World that includes a laboratory; (d) one course in microeconomics. Additional transfer admission requirements include a minimum grade point average of 2.75/4.00 scale, and a personal statement. The personal statement should be one to two pages, double spaced that includes information on your educational and career goals, detailing relevant academic and employment experience and your academic or professional interest in the UPA Bachelor's degree program.

Supplemental application materials are required for admission to the degree program. For more information about these materials, please contact the Office of Urban and Public Affairs at (312)413-2565 or visit <http://www.uic.edu/cuppa/upa>

Please see <http://www.uic.edu/cuppa> for general information on the College, its two academic programs, and its seven research centers and institutes.

Course Selection Guidelines

This guide is intended to assist students in completing the general education requirements for the College of Urban Planning and Public Affairs. Most course work in the major is completed after transferring to UIC.

1. Courses listed on this guide satisfy general education requirements. If a course is listed in more than one category, that course may only fulfill the requirement in one category.
2. UIC general education requirements changed beginning in Fall 2007. Transfer students who enroll at UIC in Fall 2009 or later will be required to follow the GE pattern adopted for Fall 2007.
