

Transfer Requirements Guide for Elementary Education – Morton College

The B.A. in Elementary Education provides coursework leading to Type 03 elementary education certification (State of Illinois) and prepares students to teach in urban settings. In addition to courses in literacy, science, math, and social studies, students will take courses in multiculturalism, bilingualism and in instruction for exceptional learners. Through these academic courses and supported classroom experiences in K-9 urban schools, teacher candidates will develop the foundations and tools to guide children as they develop their identities as learners and expand their potential for academic growth.
