

Transfer Requirements Guide for Health Information Management – South Suburban College

The health information management program offers professional course work in medical science, computers and systems analysis, organization and management of health information, including the legal aspects of maintaining and releasing health information. Graduates are prepared to manage health information systems in a variety of health care settings, including hospitals, ambulatory care facilities, nursing homes, home health agencies and hospice programs. Job opportunities also exist with insurance companies, state and national health care organizations and with colleges and universities as research assistants or associates. Other career opportunities include teaching, consulting and sales.

Professional course work leads to the Bachelor of Science in Health Information Management. The program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIM) in cooperation with the American Health Information Management Association (AHIMA). Graduates are eligible to apply to write the national credentialing examination offered by the American Health Information Management Association for the Registered Health Information Administrator (RHIA) credential.

Transfer Admission Guidelines

Health Information Management admits students only in the Fall semester. To be considered for the program applicants must complete all of the following pre-health information Management course work with a minimum GPA of 2.0/4.0 (A=4.0). **Admission is competitive and requires supplemental application materials available from the Health Information Management Department. For on-line application materials, please refer to the Health Information Management website at www.ahs.uic.edu/bhis/admissions/apply_him.php.** Students may enter during any term to complete any of the following prerequisites in the pre-health information management program in the College of Liberal Arts and Sciences. **This guide is based on South Suburban's 2009-10 catalog and UIC's 2009-11 catalog and is valid for students who enroll through Fall 2010.**

Course Substitution Table

UIC general education requirements changed beginning in Fall 2007. Transfer students who enroll at UIC through Spring 2009 will be allowed to follow either the GE pattern used prior to Fall 2007 or the new GE pattern adopted for Fall 2007. Transfer students who enroll at UIC in Fall 2009 or later will be required to follow the GE pattern adopted for Fall 2007.

Use the following tables to estimate how UIC might accept any general education courses you may have already completed. Acceptable courses and credit hours may vary by institution. UIC recommends that students contact a pre-admission counselor in Undergraduate Admissions at (312) 996-4350 before choosing any courses. Only lower-division, introductory courses will be accepted for general education. **If a course is listed in more than one category, that course may only fulfill the requirement in one category.**
