

Transfer Requirements Guide for Kinesiology – Kankakee Community College

UIC's undergraduate program in kinesiology offers concentrations in movement science and exercise and fitness. The movement science concentration is intended for students who want a strong academic program focusing on the human body. This degree prepares graduates for the rigors of graduate school and postgraduate professional training in areas such as medicine, occupational therapy, and physical therapy. The concentration in Exercise and Fitness prepares students for positions in the industry of fitness and exercise such as fitness club managers, specialized group fitness instructors, personal trainers, sports medicine assistants, and strength and conditioning instructors and coaches. The exercise and fitness concentration also provides a solid foundation for postgraduate work in physical therapy, occupational therapy, exercise physiology and other clinically-related graduate programs.

Course Substitution Table

UIC general education requirements changed beginning in Fall 2007. Transfer students who enroll at UIC through Spring 2009 will be allowed to follow either the GE pattern used prior to Fall 2007 or the new GE pattern adopted for Fall 2007. Transfer students who enroll at UIC in Fall 2009 or later will be required to follow the GE pattern adopted for Fall 2007.

Use the following tables to estimate how UIC might accept any general education courses you may have already completed. Acceptable courses and credit hours may vary by institution. UIC recommends that students contact a pre-admission counselor in Undergraduate Admissions at (312) 996-4350 before choosing any courses. Only lower-division, introductory courses will be accepted for general education. **If a course is listed in more than one category, that course may only fulfill the requirement in one category.**
