

Office of the Vice Chancellor for Student Affairs

“Engaging Students for Success”

Scholarly Contributions and Service to the Profession 2006 – 2008

UIC
UNIVERSITY
OF ILLINOIS
AT CHICAGO

MESSAGE FROM THE VICE CHANCELLOR

I congratulate my Student Affairs colleagues who have engaged in scholarly activity and served their professions, both of which are vital and valued components of an academic environment. In addition to the demanding responsibilities of serving our students and the campus community, Student Affairs educators have found ways to engage in the UIC community of scholars and to offer opportunities for peers and collaborators, and aspiring practitioners to peruse our scholarly work. The impact of our engagement often results in the acquisition of new knowledge and informs the practice of our professions.

This brief communiqué contains a listing of works from Student Affairs educators who are making significant scholarly and service contributions. Much of the scholarly work has been peer-reviewed and published in prestigious professional journals. Other works have been presented and enhanced knowledge at local, national, and international professional conferences and meetings. The broad array of service to our professions continues to inform other educators, enrich the profession, increase the visibility of UIC, and enhance the mission and goals of the Office of the Vice Chancellor for Student Affairs. I thank my colleagues for their contributions. Furthermore, I look forward to more accomplishments over the next academic years and the opportunity to continue this communiqué.

Barbara Henley
Vice Chancellor for Student Affairs
