URBAN HEALTH PROGRAM

30TH ANNIVERSARY CELEBRATION

Make your plans to join us for a night of food, fellowship, live entertainment and inspiring stories as we mark 30 years of helping outstanding African American, Latino and Native American students achieve their dreams of serving our communities as healthcare professionals! We'll also honor the 40th anniversaries of two programs that were precursors to the Urban Health Program – the Medical Opportunities Program (MOP) and the Educational Assistance Program (EAP).
