

Are you a woman studying
Science, Technology, Engineering, or Mathematics (STEM)?
Are you interested in increasing the representation of women in
STEM fields?

Did you receive at least a 4 on an AP Calculus examination?
Would you like to help female high school students excel?

If you answered **YES** to these questions, then the
GEM-SET Mentoring for Success program is for **YOU**.

The UIC Women in Science and Engineering (WISE) office is launching a program funded by the U.S. Department of Education to tutor female high school students in mathematics throughout their high school careers. We need driven women who are excellent mathematics students interested in studying one of the STEM disciplines to serve as tutors and mentors for these students.

Benefits:

- Positively impact the lives of deserving high school students
- Increase female representation in STEM disciplines
- Have a fantastic résumé item
- Earn bookstore gift certificates, \$20 certificate per tutoring session

Requirements:

- Be a first or second year female UIC student who excels in mathematics
- Earned at least a 4 on an AP Calculus Exam (AB or BC)
- Be willing to commit to this program for a minimum of one year

If you would like to apply, please send

- ✓ A copy of your résumé
- ✓ A copy of your high school transcript
- ✓ A letter of recommendation from a math teacher
