

A SHORT PHOTO TOUR OF THE UIC PROGRAMS

Frank Paloucek PharmD

Paloucek@uic.edu

University of Illinois Medical Center

- Tertiary care, academic, state hospital, 440 beds
- Outpatient Care Center
- Approximately 675 residents, 750 attending physicians
- Pharmacies
 - Hospital – central pharmacy (24/7), 3 satellites
 - Five outpatient pharmacies
- Colleges of Medicine, Pharmacy, Dentistry, Nursing, Public Health, Allied Health

The College of Pharmacy main entrance

The College is a five story building located on the same block as the University Hospital, University Administration building (where the IRB is located) and a CTA Blue line train stop

Current PGY1 Residents

**This picture, of
the PGY1 Class
of 2010-2011.**

The Resident's Office

The main Resident's office is located in the basement of the College of Pharmacy. The Hospital is immediately connected to this area by a tunnel corridor. The Residency Director's office is just out the view to the right. PGY2 residents and the Fellows have their office spaces in the suites associated with their specialty area.

Typical PGY1 Resident's Desk

Guest Waiting Area

Resident's Office Conference Area

Entrance to Pharmacy On-call Room

Located on the 6th floor of the Hospital, this room is dedicated to the pharmacy residency on-call program.

Interior of the Pharmacy Resident's On-call Room

**The room has
bunk bed, a
folding cot,
hospital
networked
computer and
printer,
microwave, small
refrigerator and
an attached
bathroom**

Resident Report

Cases seen by residents on call, journal clubs, orientation lectures, inservices and CE programs are among the activities that comprise resident report. Mandatory for PGY1 residents.

Held daily in Hospital Pharmacy Conference room

Pharmacy Conference Room

Drug Information Center

The DIC is located in the basement of the College of Pharmacy in a newly renovated master office suite. It is protected by key card access at all hours. Residents have full access 24/7 to the DIC

Central Hospital Pharmacy

**Located in
the
basement
of the
Hospital**

Overhead Walkway from Hospital to Outpatient Care Center (OCC)

Hospital on the right and the OCC (Outpatient Care Center) is on the left.

The College of Pharmacy is immediately behind , but obscured by, the hospital on the right

Another view of the OCC building, its three overhead walkways and the connected garage

This shot, taken in winter from the overhead walkway in the prior slide, shows the remainder of the OCC buildings and the continuous protected walkways between campus buildings

Former Pharmacy Practice Residents attending the 25th Anniversary Reunion, held in 1998 at the Field museum

Established in
1973, over 400
residents and
fellows have
trained at UIC
