## Exit Interview Community Health Sciences

1. General comments regarding what you gained from the program. Did you get what you wanted/expected? Did you attain the skills you need?

2. Were there sufficient options for your program of study (i.e. 500-level courses at UIC, research activities and public health placements)?

3. Comment on the courses you took:

	Most Helpful Courses and Why	Least Helpful Courses and Why
<b>CHS</b>		
<b>SPH</b>		
<b>UIC</b>		
<b>Other</b>		

4. Were there adequate resources that facilitated your academic productivity (i.e. funding to present papers at conferences, independent studies for manuscript development, resources to develop posters, slides, etc.)? What else was needed?

5. Comment on the social/academic environment for doctoral students at SPH and CHS (i.e. study groups, social events, presentation brown bags, etc.).
  
6. Comment on your progress through the doctoral program (include the time spent before your prelims and after prelims). Were you encouraged by your advisor to gain academic experience through professional presentations, posters, and publications?
  
7. How well prepared were you for the prelims?
  
8. Comment on your teaching experience.
  
9. If applicable, comment on your internship (DrPH only).
  
10. How well do you believe your doctoral program has prepared you for your chosen career?
  
11. Comments on CHS (include how to improve CHS and how it compares to other divisions both academically and administratively):
  
12. Comments on SPH (include how to improve SPH and how it compares to other schools of public health both academically and administratively):
  
13. Other concerns, problems, suggestions?
