## OUR PURPOSE

The general purpose of the UIC SPH Alumni Association is to advance the interests of the School of Public Health by supporting and lending leadership to strategies and activities which serve its students, its alumni, and the entire SPH. Our mission includes:

- Serving current students through mentoring and networking.
- Serving all alumni through networking, career advancement, continuing education, and providing opportunities for alumni to contribute meaningfully to the UIC SPH community.
- Serving the School through active participation in planning efforts, curriculum evaluation, and development.

Throughout the year there are multiple ways for any alumnus to contribute to and benefit from alumni involvement:

1. While all alumni are considered members of the Alumni Association, members who contribute dues, on either an annual or lifetime basis, can take advantage of benefits, discounts, access to information and other privileges of Contributing Membership. See [www.uic.edu/sph/alumni.htm](http://www.uic.edu/sph/alumni.htm) to join, and see [www.uiaa.org](http://www.uiaa.org) to review benefits. \*Please add the UIC SPH college code "CD56" to any membership correspondence to assure that your contribution is attributed to the School of Public Health Alumni Association, and that you'll receive activity notices from the SPH AA.
2. All alumni are encouraged to keep updated on Alumni Association events by signing up for the AA listserv. Simply send an email request to [adela@uic.edu](mailto:adela@uic.edu).
3. Share your talents, observations, concern and experience through active participation on a standing or an ad hoc committee of the UIC SPH AA. Many people are needed to help plan and carry out multiple events that occur throughout the year. Contact Adela Pena or any Board member above for information.
4. Consider becoming an active Ambassador for the University through public advocacy activities which support the University by joining the issues coalition "Illinois Connect," which you can find through [www.uiaa.org](http://www.uiaa.org) or [www.supportuillinois.org](http://www.supportuillinois.org).
