**Program of
Study**

The coordinated program is tailored to accommodate students on either a full-time or part-time basis. Each institution will assess its own tuition and fees. While a student is attending one school, he or she will be considered on official leave of absence at the other school. Thus, the student will pay tuition and be eligible for scholarship support at only one school at a time. Students will be assigned joint advisors, one faculty member from Chicago-Kent College of Law and one faculty member from the School of Public Health.

Joint Degree Requirements (129 semester credit hours):

1. Law School core (40 SH)
2. School of Public Health core (20 SH)
