

The Association of Maternal and Child Health Programs (AMCHP)
Associate Director for Women's and Infant Health

The Association of Maternal and Child Health Programs (AMCHP) is recruiting for an Associate Director for Women's and Infant Health. The Associate Director is accountable for the development, implementation and evaluation of program activities related to women's and infant health, maternal and child health, and data and assessment through cooperative agreements and other funding sources. The Associate Director leads the Women's and Infant Health Team and contributes to the advancement of MCH programs. This position leads the tracking, analysis, and reporting on federal and state programs impacting women's and perinatal health and plays a critical role in fund development for women's and infant programmatic efforts.
